

### Sec. 300.114 LRE requirements.

#### (a) General.

(1) Except as provided in Sec. 300.324(d)(2) (regarding children with disabilities in adult prisons), the State must have in effect policies and procedures to ensure that public agencies in the State meet the LRE requirements of this section and Sec. Sec. 300.115 through 300.120.

(2) Each public agency must ensure that--

(i) To the maximum extent appropriate, children with disabilities, including children in public or private institutions or other care facilities, are educated with children who are nondisabled; and

(ii) Special classes, separate schooling, or other removal of children with disabilities from the regular educational environment occurs only if the nature or severity of the disability is such that education in regular classes with the use of supplementary aids and services cannot be achieved satisfactorily.

(b) Additional requirement--State funding mechanism.

(1) General. (i) A State funding mechanism must not result in placements that violate the requirements of paragraph (a) of this section; and

(ii) A State must not use a funding mechanism by which the State distributes funds on the basis of the type of setting in which a child is served that will result in the failure to provide a child with a disability FAPE according to the unique needs of the child, as described in the child's IEP.

(2) Assurance. If the State does not have policies and procedures to ensure compliance with paragraph (b)(1) of this section, the State must provide the Secretary an assurance that the State will revise the funding mechanism as soon as feasible to ensure that the mechanism does not result in placements that violate that paragraph.

### Sec. 300.116 Placements.

In determining the educational placement of a child with a disability, including a preschool child with a disability, each public agency must ensure that--

(a) The placement decision--

(1) Is made by a group of persons, including the parents, and other persons knowledgeable about the child, the meaning of the evaluation data, and the placement options; and

(2) Is made in conformity with the LRE provisions of this subpart, including Sec. Sec. 300.114 through 300.118;

(b) The child's placement--

(1) Is determined at least annually;

(2) Is based on the child's IEP; and

(3) Is as close as possible to the child's home;

(c) Unless the IEP of a child with a disability requires some other arrangement, the child is educated in the school that he or she would attend if nondisabled;

(d) In selecting the LRE, consideration is given to any potential harmful effect on the child or on the quality of services that he or she needs; and

(e) A child with a disability is not removed from education in age-appropriate regular classrooms solely because of needed modifications in the general education curriculum.
